INTRODUCTION

After making the dream of Digital Bangladesh a reality, the government is currently working on building Smart Bangladesh with the slogan “Inclusive Digital Transformation to Build a Developed and Prosperous Country by 2041”. To materialize this goal, four key pillars have been established: Smart Citizens, Smart Government, Smart Economy, and Smart Society. These subjects claim thoughtful discussions and dialogues among researchers, scientists, academics, and practitioners globally. In this context, Jatiya Kabi Kazi Nazrul Islam University is going to host its 2nd **International Conference on Technology, Business, and Justice towards smart Bangladesh, ICTBJ-2023**, the first of its kind.

This conference will bring together a wide range of researchers, academics, experts, and practitioners from the fields of science, business, and legal studies for a comprehensive discussion, debate, knowledge-sharing and collaboration on a journey towards Smart Bangladesh in a compassionate, thoughtful, and attentive atmosphere. Consequently, the maiden ICTBJ-2023 encourages researchers and leaders across the globe to submit their research papers that investigate the potential of innovation, trade and social justice.
